POST 16 OPTIONS

When you enter Post 16 education, there are many alternatives to A Levels which offer a more practical route to your chosen career. These routes give you the option to get on the job training, learn while you earn and clear pathways straight to the job of your choice.

BTECs

BTEC stands for the Business and Technology Education Council. BTECs are specialist work-related qualifications that combine practical learning with subject and theory content. BTECs are designed for young people interested in a particular sector or industry but who are not yet sure what job they'd like to do. You could study a BTEC at Level 2 or 3, either alongside academic qualifications or as part of a wider programme (such as an apprenticeship). You can also study a BTEC as a standalone course.

Cambridge Technicals

Cambridge Technicals are vocational qualifications at Level 2 and Level 3 for students aged 16+. They're designed with the workplace in mind and provide a high-quality alternative to A Levels with a great range of subjects to choose from.

Apprenticeships

Apprenticeships allow you to combine work and study by mixing on-the-job training with classroom learning. You'll be employed to do a real job while studying for a formal qualification, usually for one day a either at a college or a training centre. By the end of your apprenticeship, you'll hopefully have gained the skills and knowledge needed to either succeed in your chosen career or progress onto the next apprenticeship level.

City & Guilds

A City and Guilds qualification is a technical education option that focuses more on practical work

Art/Design/Fashion

Studying Art, design or fashion can help to support students with a career within the creative industries such as graphic design or fashion design.

Types of careers

Graphic Designer

Graphic designers use text and artwork to create imagery, this usually takes the form of books, magazines, posters and flyers.

Product Designer

Product Designers plan, direct and undertake creations of design for industrial or commercial products such as furniture or lifestyle accessories.

Apprenticeships

A real job, with hands-on experience, a salary and the chance to train while you work. You're treated just like all the other employees, with a contract of employment and holiday leave. If you're 16 or over, you can become an apprentice as long as you spend at least 50% of your working hours in England for the duration of the apprenticeship and you are not in full-time education.

When you are an apprentice...

- you get paid and train at the same time, with at least 20% of your time spent in off the job training, often at a college, university or with a training provider
- you train to be fully competent in your chosen occupation

Your apprenticeship can take between one and six years to complete, depending on which apprenticeship you choose, what level it's at, and your previous experience.

Different apprenticeships are available all over England, at companies large and small, in a wide range of industries and organisations. From local organisations to large national brands. You get valuable hands-on experience working whilst you learn, which helps you progress in your working life.

To find an apprenticeship, visit

www.apprenticeships.gov.uk

or contact Barnet and Southgate College on info@barnetsouthgate.ac.uk or telephone 0208 266 4000

We will be hosting a Virtual Apprenticeship Roadshow on Wednesday 3rd March 2021 in partnership with Middlesex.
