

REGISTERED/APPROVED FEED PREMISES APPLICATION FORM

EC Feed Hygiene Regulation - Regulation 183/2005

GENERAL INFORMATION

Business Name <small>(e.g. Bloggs Ltd)</small>			
Premise Name <small>(e.g. Bloggs Feed Mill)</small>			
Business Address			
Postcode			
Address of premises where activity takes place <small>(if different)</small>			
Postcode			
Contact Name			
Telephone Number			
Mobile Number			
Email Address			
Is the premises a primary producer (farm)?	<i>Delete as appropriate</i>		
	Yes	No	
If yes, what is the holding number?			
Is the premises registered with the Veterinary Medicines Directorate (VMD) or the Royal Pharmaceutical Society of Great Britain (RPSGB)?	Yes	No	
If yes, what is your registration number?			
Is the premises registered under the Food Premises (Registration) Regulations 1991?	Yes	No	

ACTIVITIES CARRIED OUT

Which of the following are carried out? Please tick all that apply.

If you think one of the high risk activities (Approval codes) apply to you, please call a member of the Food Standards Team for advice before completing this form.

PLEASE READ APPENDIX A (ETS446b) Producing, Storing and Supplying Animal Feeds [Background notes on Regulation 183/2005] and APPENDIX C (ETS446c) Requirements for Feed Businesses [Annex II] BEFORE COMPLETING THIS FORM.

Code	Activity	Notes	Tick
APPROVAL CODES			
A01	Manufacture and/or placing on the market of nutritional additives	Includes vitamins, pro-vitamins and chemically defined substances having similar effects, trace elements, amino acids, their salts and analogues and urea and its derivatives.	
A02	Zootechnical additives: digestibility enhancers, gut flora stabilisers and substances which favourably affect the environment	This includes enzymes and micro-organisms.	
A03	Manufacture and/or placing on the market of antioxidant additives with a maximum content in feeds specified in EC Regulation 1831/2003	This covers propyl gallate, octyl gallate, butylated hydroxyanisole (BHA), butylated hydroxytoluene (BHT), ethoxyquin.	
A04	Manufacture and/or placing on the market of colourant additives: carotenoids and xanthophylls	These products are subject to maximum inclusion rates set under Regulation 1831/2003.	
A05	Manufacture and/or placing on the market of proteins obtained from micro-organisms belonging to groups of bacteria, yeast, algae and lower fungi		
A06	Manufacture and/or placing on the market of co-products of the manufacture of amino acids by fermentation		
A07	Manufacture and/or placing on the market of premixtures containing vitamins A and D	These products are subject to maximum inclusion rates set under Regulation 1831/2003.	
A08	Manufacture and/or placing on the market of premixtures containing copper and selenium	These products are subject to maximum inclusion rates set under Regulation 1831/2003.	
A11	Manufacturing and/or placing on the market, for feed use, products derived from vegetable oils and blended fats	Feed business establishments carrying out any of the activities referred to in point 10 of the section headed "Facilities & Equipment" in Annex II to Regulation 183/2005 (as amended by EC Regulation 225/2012).	
REGISTRATION CODES			
R01	Manufacture and/or placing on the market of feed additives (other than those subject to Approval)	Preservatives, emulsifiers, stabilisers, thickeners, gelling agents, binders, anticaking agents, acidity regulators, antioxidants (not subject to a max permitted level), silage agents, denaturants, substances to control radionuclide contamination, colorants (except carotenoids & xanthophylls).	

R02	Manufacture and/or placing on the market of premixtures (other than those subject to Approval)	This includes premixtures containing any feed additive excluding vitamins A and D and copper and selenium.	
R03	Manufacture and/or placing on the market of bioproteins not subject to Approval	This includes urea and its salts, ammonium salts and certain killed yeasts cultivated on substrates of animal/vegetable origin.	
R04	Manufacture of compound feeding stuffs (other than those subject to Approval)	Includes the manufacture of complete and complementary feeds, with or without additives. NOT MANUFACTURE FOR OWN USE.	
R05	Placing on the market of compound feeds	Businesses buying and selling compound feeds, including where the business does not physically hold any feeds (e.g. importers).	
R06	Manufacture of pet foods	Includes the manufacture of complete and complementary feeds, with or without additives. NOT MANUFACTURE FOR OWN USE.	
R07	Manufacture and/or placing on the market of feed materials	Feed materials are products which are intended as ingredients of compound feed or which can be fed singly to animals (e.g. soya or rape meal). NOT ARABLE FARMS selling unprocessed feed ingredients (e.g. wheat and barley).	
R12	Food businesses selling/providing co-products of the feed industry which are destined as feed materials	Includes feed materials generated as co-products of the manufacture of food products (e.g. wheat bran, brewers' grains, residues of soya bean and rapeseed from the extraction of oils, carrot tops, apple pomace and potato skins. NB: this category does not include food manufacturers/supermarkets selling out surplus foodstuffs (e.g. out of date bakery products) into the feed chain – these come under R7.	
R10	Mixing feed on farm, with additives and premixtures	Farmers who buy in pure additives or highly concentrated premixtures (not contained in compound feed) and mix them with other feeds (forage, cereals).	
R11	Mixing feeds, on farm, with compound feeding stuffs which contain additives	Farms that mix compound feeds containing additives (e.g. in feed minerals or concentrates) with home produced feeds. Includes most on farm mixers.	
R13	Livestock farms (including fish farms) which do not mix feeds or mix feeds without additives	Includes farms which mix home-grown feeds and bought in feeds which do not contain additives, farms which buy in but do not mix feeds. Includes farms making silage or haylage (without using additives).	
R09	Storage of feed and feed products	Only covers premises not covered by another approval/registration activity relating to the manufacture/placing on the market of the products in question.	
R08	Transport of feed and feed products	Premises of businesses that transport feed materials, compound feed, feed additives and premixtures. Transport of feed and feed products by manufacturers own vehicles are covered by the approval/registration of the manufacturers premises.	

R14	Arable farms growing or selling crops for feed	Arable farmers growing cereals, wheat, barley or food crops (e.g. potatoes for use as feed).
